

## Smarter revision for schools and students

### Cloud-based revision management software

With easy-to-configure revision plans, intuitive student revision boards and comprehensive and powerful graphs and reports, Revisio's revision management software helps schools power student revision.

## Ready made revision plans

Revisio provides ready made revision plans mapped to your exam board specifications, with your selected course options, for over 400 GCSE, IGCSE and A-Level courses.

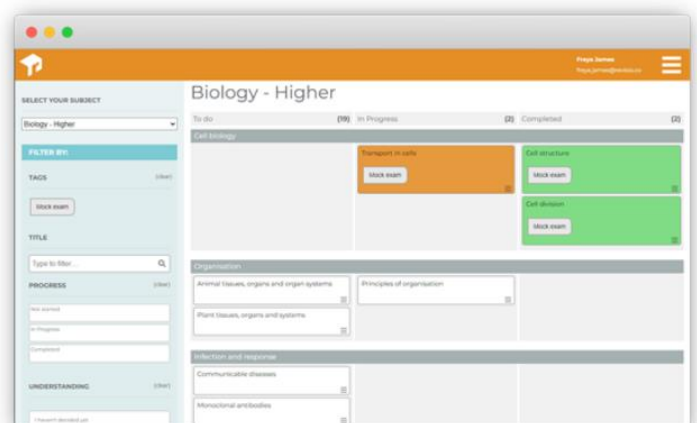

Using Revisio's content manager, teachers can easily make these revision plans even more powerful, customising to individual class requirements and adding further resources.

## Empowering students

Revisio's dashboard gives students an overview of their revision progress and understanding by subject.

The revision board is the student hub giving students a clear, visual and interactive view of their revision.

The revision card is where revision happens. Clicking on a revision card allows students to access topic details, resources and notes.

## Powerful insights

Revisio data and insights help inform revision strategies for classes and students.

Revisio gives school leaders and teachers comprehensive and powerful insights into student revision data through interactive graphs and reports.

Progress and understanding can be reviewed across subjects and classes, drilling down by topic and each individual student. The data allows targeted interventions to drive student performance and outcomes.

## The Devise - Revise - Review Cycle

Revisio's three stage revision cycle provides schools with a complete revision solution.

- Devise - Revisio provides schools with ready made revision plans
- Revise - Revisio gives students the tools to effectively manage their revision, and
- Review - Revisio enables teachers to gain insights to drive student performance

Revisio's ready made revision plans are mapped to your exam board specification, and your selected course options.

Revisio currently supports over 400 GCSE, IGCSE and A-Level courses from all exam boards.

Revisio will support your school through the onboarding process to get you up and running quickly and will continue to support you throughout the school year.

## How do I get Revisio?

Revisio is available exclusively via school subscription.

To find out more about how Revisio can help your school please book a short online demo by contacting us at [www.revisio.co](http://www.revisio.co).
